CERTIFIED TECHNICAL EXPERTS

Certified Technical Experts, Inc. (CTE) delivers cutting-edge solutions in Systems Engineering, Information Technology, Cybersecurity, Cloud Solutions, Business Services, and Scientific Support. As an SBA-certified, minority-owned small business with ISO 9001, ISO/IEC 27001, ISO/IEC 20000-1, CMMI-SVC ML3 certifications, and a portfolio of GSA and other IDIQ contracts, CTE ensures operational excellence through proven methodologies in cloud computing, health IT, enterprise architecture, data analytics, and cybersecurity frameworks.

CTE's extensive experience includes contracts with major government entities such as the U.S. Air Force, Navy, Army, and the CDC, along with global projects in Europe, Asia, and Africa. We combine deep technical expertise with innovative, mission-driven services to deliver scalable solutions that drive efficiency, security, and digital transformation.

IT Modernization, Sustainment Maintainance

WHY CTE

✓ At CTE, we combine the agility of a small business with the expertise of a large enterprise to deliver innovative, secure, and data-driven solutions. With nearly two decades of experience, we ensure your digital transformation is backed by industry-leading cybersecurity and tailored to your mission.

✓ We drive sustained enterprise transformation through a unique methodology that aligns technologies to improve quality, foster agility, and enhance cost-efficiency. Your mission is our mission, and our commitment to excellence ensures that your organization is not just transformed but positioned for long-term growth and security.

✓ We optimize every aspect of the business process—from functions to the supply chain—ensuring seamless integration with your delivery schedules. By empowering our team to make swift, informed decisions, we guarantee responsive, effective service that supports your success.
